

JOAQUIN MURRIETA

The Robin Hood of El Dorado

In the winter of 1849, a sensational series of events unfolded in the midst of the California gold rush, giving rise to the tale of a gentleman outlaw bent on vengeance who robbed from the rich and gave to the poor. No man, horse, or pouch of gold was safe, and the legend of Joaquin Murrieta, hero and villain was born.

An encounter with a callous band of thieves left Murrieta whipped and beaten, his hard-earned gold stolen. Stalking the hills of the world-famous California wine country in search of his attackers, Murrieta lived life with an outlaw honour, defending the oppressed in a land of lawlessness. He was known as a square gambler and a fine dancer not averse to a glass of wine. Although no documented photos survive of this master of disguise, he was, by all accounts, a handsome man who stole as many hearts as horses.

Stories of Murrieta's ruthlessness and chivalry spread throughout the West. In 1853, a special corps of California Rangers, created specifically to catch the bandit, claimed to have killed him in a gun battle north of Los Angeles. Still, in the following years, many swore they shared a meal and a glass of port with the outlaw. Some say it was Murrieta's nephew who carried on after his death. Others maintain it was Joaquin Murrieta himself who rode with the Sundance Kid and traded stories with Mark Twain.

A century later, as the sun ripens the grapes that adorn the hills of gold he once raided, Murrieta, part man, part myth lives on. Today, at Murrieta's Bar & Grill we toast this enduring, elusive legend.

With Paolo and Filippo Polegato at the helm, **Astoria** Wines is one of the leading exponents of the Art of Prosecco. It was founded in 1987 by a family that had been dedicated to vine growing for generations and it is now the leading private Conegliano-Valdobbiadene DOCG wine maker, with countless accolades from top wine competitions.

Podere dal Nespoli is located in the Bidente Valley, a historical point of passage. This land offers places of naturalistic interest, such as the Park of Casentino Forests, and excellent pedoclimatic characteristics for the production of high quality wines. It is here that we cultivate our vineyards, here we live every day in the spirit of this generous, tasty and welcoming land.

Our intense and ambitious passion for this land represents our leading light for improving our commitment towards our project and family. Here we want to present to you our company, **Barone Montalto** and the people who have made it possible to have a story worth telling.

The terrain on which **Cantina La-Vis** vineyards are grown, in Trentino, is a complex jumble of hills, hollows and steep slopes. The name and the logo of the winery enclose its connection with the territory and its ancient wine traditions.

Villa Sparina is a Gavi winery in Piedmont, spread over 100 hectares of which 70 are reserved for the cultivation of native grape varieties dedicated to the production of Gavi and Barbera. The vineyards are located in the hills of Monforte d'Alba, one of the best exposed areas for the production of the Cortese grape.

Fontella represents the quintessential image of Tuscany, the region of Chianti, with all its ancient walled villages, panoramic roads, medieval castles and fortresses, and green hills sketched by miles and miles of vineyards. A lifestyle.

The bond between the **Cotarellas** and the wine world originates in the Sixties, when Antonio and Domenico Cotarella, grape-growers in Monterubiaglio, built the first winery to produce their own wine.

The **Ridolfi** wines are the result of a passion and a soul that have brought together stories and generations, successfully carried on nowadays by the Peretti family that has adopted these principals. The passion for wine, nature's gift that achieves great value in the hands of man.
